

Hello there, I am Rohan Diwe from Nagpur, India.

I have received a Letter of Admission from the University of Hannover which is a public University through BSK International.

My personal experiences have been like a roller coaster ride, truly adventurous. Everyone at the language school are really very nice, friendly, integrated me fast successfully in my new learning atmosphere and helped me when ever I had questions. Also getting the visa, it would have never been possible without BSK International.

People here in Germany are very straight forward, helpful, friendly and understanding. Being first time away from home, I use to have Home sickness now and then. In those times, my friends from different countries helped me get through it and helped me learn and understand many new things. Now I feel at home.

Studies are also really exciting and I received a letter of admission from the University of Hannover. With focused and most experienced faculties worldwide Germany is a good place to study. You get a first hand experience about their knowledge. In my class I have people from different countries which itself is an added advantage, because it helps me understand their culture. Enjoyment and learning at the same time.

Germany is one of the safest and cleanest places. Even after dark, its perfectly safe to go out. Police will always help you in case of need. Streets and parks are clean. Also the food is safe, clean and one can get all the Veggie stuff. Indian Restaurants are good, not typical Indian but one can enjoy Germanized Indian food. Prices for the main ingredients are low and there are Asian shops available too.

I stay in a dormitory and therefore get a chance to make lot of friends from other countries. My experience in Germany has been wonderful. The biggest problem I had was with lack of knowing the German language. But luckily, there is the embedded system in place which solves the German language hurdle for foreign students and makes life simpler.

Your's
